From "HIGHLANDS AND ISLANDS," by W. Smith, Junr. (Ad. & C. Black.)

By Appointment.

The Falls of Spean. Strath Spean is a pretty stream which runs through the glen of the same name, eventually joining the Caledonian Canal at Loch Lochy. At one point of its course its waters form a series of falls or rapids, which, with the wooded banks, makes the glen a great attraction to tourists.

Printed in England.
